KO MANUFACTURING INC.

NEW CAR FRAGRANCE

PRODUCT NUMBER 9430

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheat Modified on 1/10/2003

PRODUCT DESCRIPTION:

New Car Fragrance is a ready-to-use interior air deodorizer designed for car wash fragrance vending machines as well as manual deodorizing with any triggersprayer. It eliminates many common odors and is long-lasting. New Car Fragrance will not stain carpet or upholstery, is water dilutable, and complies with VOC regulations in all states.

INSTRUCTIONS:

For use in fragrance dispensing machines, use concentrated. Some fragrance dispensing machines possess longer cycle times than others. It is recommended that product be sprayed where human contact is avoided, such as under seats or under dash; dermatitis with repeated skin contact may occur. Diluting fragrance with water may be necessary to reduce an overwhelming fragrance dispensed.

*Note: this product is not to be used when temperatures are freezing or below.

CUSTOMER BENEFITS:

- Sweet, mild, New Car fragrance.
- Quick to eliminate all types of odors.
- VOC compliant.
- Biodegradable
- Convenient and economical to use.
- Imparts a long-lasting odor.
