## TIRE & ENGINE CLEANER

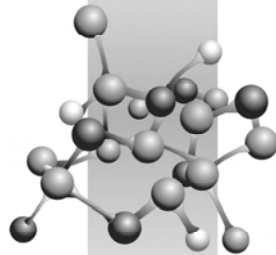

**PRODUCT NUMBER 9352**

### RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

### PRODUCT DESCRIPTION:

Tire & Engine Cleaner is a heavy-duty, ready-to-use cleaner formulated for cleaning grease and oil from engines and whitewalls. This product is tough enough for cleaning on all types of vehicles, including semi-tractors and heavy equipment. Tire & Engine Cleaner is biodegradable, easy to use, highly effective against a wide variety of soils.

### PRODUCT INSTRUCTIONS:

#### Engine Cleaning:

Apply Tire & Engine Cleaner generously to engine and related equipment. Let penetrate soil for at two minutes. Rinse with fresh water. For best results, rinse with high pressure (less than 700 psi).

#### Tire Cleaning:

Spray wheels with cold water, saturating completely. Apply Tire & Engine Cleaner generously to tire, avoiding as much contact with wheel as possible. Let penetrate soil for at least one minute. Rinse with fresh water. For best results, rinse with high pressure (less than 700 psi).

Do not use on uncoated aluminum or soft metals. Polished aluminum wheels could be damaged if not used properly!!! Never let product dry on surface.

**Attention:** Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheet Modified on 1/11/2006

### KEY POINTS:

Heavy-Duty  
Ready-to-Use  
Biodegradable
