ULTRA STEAM KLEEN™

PRODUCT NUMBER 226

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Ultra Steam Kleen is a medium to heavy duty powdered steam cleaning compound which cleans quickly, effectively and will not clog lines or corrode equipment. It removes heavily encrusted grease and soil by its outstanding cleaning power which is accomplished by a special blend of emulsifiers and not a high caustic content. Its uses vary from cleaning transportation vehicles to cleaning concrete floors in mechanic shops. This USDA approved formula is an ideal powder for meat and poultry processors.

INSTRUCTIONS:

For general purpose steam cleaning, dilute 1 pound of Ultra Steam Kleen for every 5 gallons of warm water. Meter through pressure washer at 20:1 (100:1 final dilution) for general purpose cleaning, or concentrated for heavy duty degreasing.

CUSTOMER BENEFITS:

- Biodegradable.
- Heavy duty cleaner.
- Nontoxic.
- Quickly removes encrusted grime.
- USDA approved.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
