FRESHEN™

PRODUCT NUMBER 3915

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Freshen is a concentrated indoor odor counteractant and air freshener designed to remove unwanted odors that are hard to remove such as stale smoke, pet odors, closed rooms, etc. This biodegradable, non-toxic, and non-flammable formula leave a fresh, pleasant Desert Rain fragrance immediately after spraying.

INSTRUCTIONS:

Directions: For use in a pump sprayer, add 2 ounces Freshen for every 16 ounces of water. Mist product into areas where odors are undesirable.

For use in an automatic misting deodorizer or a humidifier, add 2 ounces of Freshen for every gallon of water. Use concentrations will vary with equipment and daily hours of operation of fragrance machine.

CUSTOMER BENEFITS:

- Easy to use.
- Biodegradable.
- Cost effective concentrate.
- Eliminates or significantly reduces malodors.
- Wide range of uses.
- Pleasing, long lasting fragrance.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
