**KO MANUFACTURING INC.**

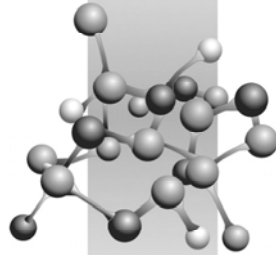

## ULTRA™ DEGREASER

PRODUCT NUMBER 439

### RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

**Attention:** Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheet Modified on 10/26/2004

### PRODUCT DESCRIPTION:

Ultra Degreaser offers the customer the convenience and economics of mixing their own drums of product. It offers a unique blend of components which thoroughly penetrate and remove grease, soil and many other substances found in tough cleaning jobs. Ultra Degreaser is a biodegradable product that makes an excellent degreaser for transportation cleaning, and many other cleaning applications

### INSTRUCTIONS:

To mix kit: Add 10-15 gallons of water to a 55 gallon drum. Mix in the bag of powder and mix well. Fill to 40 gallons with water. Add the liquid and fill to 55 gallons. Mix well. For best results, do not mix less than 55 gallons.

#### Use Directions:

Steam cleaning: Use 1 to 5 ounces per gallon of water depending on soil.

Concrete cleaning: Use 3 ounces per gallon of water.

Soak tank cleaning: Use from full strength to 10:1 depending on soil load.

Paint Stripping: Use full strength.

### CUSTOMER BENEFITS:

Biodegradable.

Easy shipping and handling.

High alkalinity for heavy duty soils.

No streak rinsing.

Non-toxic.

Variety of applications
