Attacker

PRODUCT NUMBER 1025

PRODUCT DESCRIPTION:

Attacker™ is a superb heavy duty liquid cleaner formulated mainly for the transportation industry, although it is used successfully in many other industries. It is a mixture of synthetic detergents, solvents, sequestrants and corrosion inhibitors which act together to handle many types of soils, and yet it is safe and economical. Attacker™ is uniquely formulated to be effective whether applied by hand or with high-pressure washers or steam cleaners. It is non-toxic and requires no special handling or equipment.

KEY POINTS:

- Biodegradable
- Non-toxic
- Quickly loosens heavy soil, grease or grime
- Heavy duty
- Wide range of applications
- USDA Approved

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
