KO MANUFACTURING INC.

PREMIUM PRESOAK

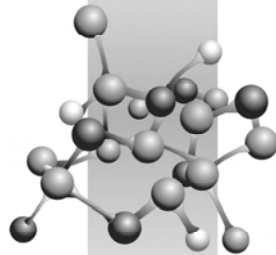

PRODUCT NUMBER 9145

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheet Modified on 5/30/2006

PRODUCT DESCRIPTION:

Premium Pre-Soak is our best presoak concentrate designed to loosen road film, bugs, and grime effortlessly. This high-foaming formula is loaded with solvents and surfactants for exceptional cleaning. It contains a pleasing tropical fragrance for added merchantability in self-service, tunnel, or automatic car wash systems.

PRODUCT INSTRUCTIONS:

Mix 1 part Premium Presoak to 80 parts water and apply to vehicle at low pressure for general presoaking. For extra heavy soils, use at 1 part chemical to 60 parts water. Let chemical penetrate for 10-15 seconds. For best results, use hot water. Rinse thoroughly.

Suggested dilutions only. Use as a starting point. Dilutions may vary depending on time of year. Adjust accordingly for best results.

KEY POINTS:

- Biodegradable
- Softens bugs, soil, and grime quickly.
- Contains a pleasing tropical fragrance.
- Concentrated for economical use.
- High foaming.
