STRIKER™

FORMULA 9150

Low pH Presoak

BENCHMARK
FORMULA

DESCRIPTION

Striker™ is a specially formulated acid presoak for the transportation industry designed to be used as the first step in touchless systems. It has also been found to be an excellent cleaner for highly polished stainless steel tankers. The unique blend of wetting agents, emulsifiers, builders, and solvents act synergistically to penetrate and remove tough dirt and road film. 100% Biodegradable.

AT A GLANCE

- > **High foaming detergent for optimal coverage.**
- > **Mild on painted surfaces and metal.**
- > **Excellent at Penetrating difficult soils.**

APPLICATIONS

Automatic Carwashes	First step in two-step wash applications
Tunnel Carwashes	Presoaking Vehicles

SPECIFICATIONS

Physical Form: Liquid	pH (1% dilution): 1.0 - 2.0
Recommended Dilution: 90:1 up to 180:1	DOT Class: Corrosive
Color: Yellow	Fragrance: Citrus

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
