SUPER RED™

FORMULA 9114

CAR & TRUCK WASH HIGH PRESSURE DETERGENT

BENCHMARK
FORMULA

DESCRIPTION

Super Red™ is our premium, super-concentrated exterior wash powder containing sequestrants, surfactants, water-based solvents, and buffering agents designed for touchless wash systems in the trucking industry. Super Red™ is 100% active. Its blend of non-ionic and anionic surfactants is optimal for grime removal while its alkalinity is balanced specifically for tough road film found on OTR trucks. Super Red™ is non-caustic and if used correctly will not harm polished steel or aluminum. 100% Biodegradable and Non-Toxic.

AT A GLANCE

- > *Excellent penetrating power.*
- > *Formulated for the fine finishes on cars and trucks.*
- > *Fast Free rinsing formula.*
- > *Quickly removes heavy soils and grime.*
- > *Stable in hard water.*

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
