TYPHOON™

FORMULA 9345

Colored Tire Cleaner

BENCHMARK
FORMULA

DESCRIPTION

Typhoon™ is a biodegradable high foaming liquid concentrate formulated for cleaning grease and heavy soil loads from whitewalls and tires. The unique blend of complex phosphates, alkaline builders, and non-ionic surfactants provide the optimal level of alkalinity and wetting properties for maximum penetration of soils. Its outstanding show with its brilliant lime-green colored foam and clean pine oil fragrance adds merchantability and profit to your car wash. 100% Biodegradable.

AT A GLANCE

- > *Rich bright green foam.*
- > *Pleasant pine fragrance.*
- > *Rapid removal of soils and grime.*
- > *Works great on whitewall tires as well.*

APPLICATIONS

Automatic Carwashes
Self-Serve Carwashes
Tunnel Carwashes

Truck Washing

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
