# BOLLARD COVERS

## 1-2-3 INSTALLATION INSTRUCTIONS

**Step One**-Install 3 or 4 self-adhesive Gripper tabs around the top of the bollard with fingers pointing down, and 3 or 4 more near the base of the bollard. If there is a small space to fill between the bollard and the cover, use 3 Gripper Tabs evenly spaced around the bollard. To fill a larger space, use four

**Step Two**-Install Bollard Cover over Gripper Tabs. Gripper Tabs should provide a tight installation which cannot be easily removed.

**Step Three**-Admire job well done!
