

FOAMING PRESOAK SYSTEM

Foaming Presoak System

Keep customers happy with a Presoak System. Provides an additional option to address tough cleaning challenges. Presoak Systems are designed to apply a concentrated cleaning product to the surface of the vehicle. Easy Installation to your existing high pressure line to each bay that will apply Presoak Cleaner through your standard spray gun. All Advanced Cleaning Systems feature high pressure "blow down" allowing you to conserve weep water by blowing out your lines from the comfort of your heated equipment room.
