

PRODUCT PROFILE

Dyna Foam™ White, Pink, Blue, & Gold

FORMULA 9305, 9306, 9307, 9308

Foaming Conditioners

DESCRIPTION

KO's Dyna Foam™ Line is an economical, high foaming, liquid concentrate line designed for use in foam brush applicators or as a curtain lubricant in tunnel washes. The high emulsifying content in each product allows for quick penetration and rinsing of soil particles. The high foaming characteristic enables the product to work longer on the surface of the vehicle. Each Dyna Foam™ product provides a vibrant in-bay colored foam with a wild cherry scent.

AT A GLANCE

> **Brilliant White, Pink, Blue, and Gold colored foam with a pleasant wild cherry fragrance.**

> **Non-streaking rinse.**

APPLICATIONS

Self-Serve Carwashes

Foam Brush Applicators

Friction Automatics

Tunnel Washes

SAMPLE LABEL

DIRECTIONS:
Foam brush and dilute 1 part chemical to 64 parts water (1:64 ratio). Apply through foam brush with water. On dirtier surfaces, dilute with different ratio of 1:32 or 1:16.

DESCRIPTION:
A high-foaming concentrate designed for use in all foam applicators. It quickly penetrates all types of soil particles. The high-foaming characteristic enables the product to dwell longer on the surface of the vehicle.

INGREDIENTS:
Water, Proprietary Surfactant Blend, Conditioner, 2-Butoxyethanol.

WARNING:
Caution!! Irritant!! May cause severe eye irritation upon direct eye contact. Prolonged or repeated skin contact may cause reddening and irritation. Inhalation of mist may irritate nose, throat and mucous membranes. Ingestion can irritate or burn mouth, throat and stomach. Wear proper protective clothing when handling.

FIRST AID:
Eyes: Flush with water for 15 minutes and get medical attention if irritation persists. Skin: Flush thoroughly with water. Inhalation: Remove patient to fresh air. Ingestion: Dilute by drinking 2 large glasses of water. Consult a physician immediately.

ATTENTION: Refer to our MSDS regarding handling and disposal of this product.

IN CASE OF EMERGENCY: Call Chemtrec day or night for assistance and information concerning spilled material, fire, exposure, and other accidents. 1-800-424-9300

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
