KO MANUFACTURING INC.

ENZ-ALL™

PRODUCT NUMBER 5676

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheat Modified on 2/3/2003

PRODUCT DESCRIPTION:

Enz-All is a safe, nontoxic, non-acid, and non-alkaline bacterial odor control product designed to digest and liquefy organic waste and grease and food byproducts. Enz-All is non-pathogenic and non-polluting and is ideal for hospitals, nursing homes, schools, prisons, apartments, funeral homes, clinics, grease traps, industries, drain lines, down pipes, porta-toilets, septic tanks, recreational vehicles, marinas, sump pumps, and wet wells.

INSTRUCTIONS:

To eliminate odor caused by vomit, spoiled foods, decomposed animals, animal waste in areas as garbage cans, waste receptacles, locker rooms, carpet, etc., spray product directly on malodor and allow the bacterial action to ingest the material while the pleasant fragrance immediately neutralizes odor.

See label description for more details and extended uses.

CUSTOMER BENEFITS:

- Digests animal and vegetable fats and oils
- One dose treatment
- Enzymatic natural
- Safe on pipes - no plumber needed.
- Eliminates malodors.
