KO MANUFACTURING INC.

Ultra Foam

PRODUCT NUMBER 9301

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

PRODUCT DESCRIPTION:

Ultra Foam is tough on oily road film, but mild on auto surfaces and hands. This high foaming product offers quick cleaning and emulsification of oils from the surface of autos, yet rinses easily and thoroughly. Its mild chemical blend will not damage clearcoat or wax finishes when used as directed.

INSTRUCTIONS:

For hand washing, mix 2 ounces of Ultra Foam to every gallon of water. Apply to wetted surface with a soft hand mitt or sponge. Rinse well with water.

Suggested dilutions only. Use as a starting point. Dilutions may vary depending on time of year. Adjust accordingly for best results.

CUSTOMER BENEFITS:

- Penetrates and removes hard to get soils and grease.
- Excellent foaming ability.
- Safe on all auto finishes.
- Mild to hands and skin.
- Biodegradable.
- Rinses easily.
