

LUXURY BLAST / BULK

FRAGRANCE BLAST

DESCRIPTION

Tired of the same old smell in your carwash? Your customers are too. Blow them away with Luxury Blast! Luxury Blast can be dual injected with products or applied directly to the vehicle through our Scent Shot system. Luxury Blast is a blend of deep musky oak with high notes of amber that will remind you of grandpa's secret library. It is sure to leave your customers impressed!

USAGE INSTRUCTIONS

For maximum effectiveness apply directly to the vehicle through a mechanical application (like our Scent Shot). Apply at anytime, anywhere during the cleaning process. Avoid applying it after any drying agent application. When applied through a Scent Shot, apply to passenger side of vehicle where the windshield and hood meet. Determine how long and how strong you want to run it. Typical usage is 2-5mLs per car. Product can also be dual injected with other applications to boost fragrance.

FEATURES

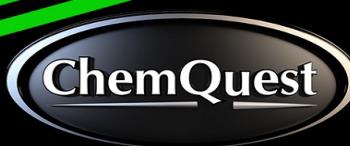

- Highly concentrated for economical use
- Compatible with presoaks, detergents, wheel cleaners, etc.
- Improved stability when injected separately
- Easy to use
