

# PLAZMA

Concentrated Presoak

## DESCRIPTION

Plazma is an ultra-hyper concentrated alkaline presoak capable of extremely high dilutions. Not only is Plazma concentrated, but it is an excellent cleaner with a pleasant lemon fragrance. The cutting-edge surfactant technology used in Plazma aggressively attacks road film leaving behind a blazingly clean shiny surface. Plazma works great in both touch free cleaning and friction applications.

## USAGE INSTRUCTIONS

For touch free applications start by using it at 175-250:1 (11-15 drops). For tougher cleaning conditions slowly increase strength. For friction applications start by using at 350-400:1 (6-8 drops). Adjust strength as necessary. Product is best applied under low pressure application. Allow product to dwell for a short time before removing. Contact your sales representative for information about our Plazma Resistant Tubing.

## FEATURES

- Super Concentrated
- High foaming
- Versatile on a variety of applications
- Pleasant lemon fragrance

## SIZES AVAILABLE

Twin Packs	Code: 10-10116-888
5-gallon tighthead	Code: 10-10116-444
5-gallon pails	Code: 10-10116-005
30-gallon drums	Code: 10-10116-030
55-gallon drums	Code: 10-10116-055

## SPECIFICATIONS

COLOR:	GREEN
FRAGRANCE:	LEMON
FOAM:	WHITE
PH:	13.5

Drop Count (Titration)	Oz/Gal of water	Ratio to 1
1	0.06	2249
2	0.11	1124
3	0.17	749
4	0.23	562
5	0.28	449
