- Supports payment with contactless-enabled cards, chip cards, and mobile payments such as Apple Pay, Google Pay, and Samsung Pay.

15" TOUCH SCREEN DISPLAY

Responsive touch-screen display features video animations and audio, guiding your customers through the transaction process.

DRIVE BUSINESS

Wash Bundles**
Build value for your customer by selling multiple washes at one time at a discounted rate. A unique QR code is printed on the receipt and texted to the customer. The code becomes invalid after the washes are used.

Buy-Ups
Allow customers to customize their wash by adding on additional services.

Receipt Codes**
Issue time-sensitive codes on receipts for discounted washes, or depending on your equipment setup, you could use receipt codes to offer free vacuum time.

Programmable Event Times & Pricing
Schedule special pricing for different occasions on a one-time or recurring basis.

CVC & Fleet Cards
Customer Value Cards are Hamilton-specific and function like gift cards. Customers can add to their card, and check the balance directly at the kiosk. Both CVCs and Fleet Cards require Hamilton-issued cards, and a Points to Partners account; additional fees apply.

Pay-at-Pump
POS Code Systems are available with Pay-at-Pump capabilities (on-site or remote solutions available).

CUSTOMIZABLE

Custom Themes
Complement your brand and menu board with matching custom graphics.

Custom Wraps
Wrap your kiosk in a custom-designed, high-quality vinyl wrap. Advertise your mobile apps, wash clubs and other service offerings.

Custom Voice
Greet your customers with a personalized welcome and proceed message, and have your kiosk speak specific wash names.

LOYALTY PROGRAM INTEGRATION

Connects seamlessly with Hamilton's Custom Mobile App, ExpressPass LPR, and RFID wash club programs. Customers can quickly and securely sign up at the kiosk, and will be automatically billed every month (requires Hosted Solutions gold-level subscription and D.A.N.).
BARCODE SCANNER

Validates mobile app codes, wash bundle codes, receipt codes, single use codes, and promo codes**.

CONVENIENCE & SECURITY

- High-security MEDECO® locks
- High-security door with self-contained cash vault
- PCI-certified card payment solution
- Equipment status & access notifications
- Constant Voltage Transformer (CVT)
- Security camera and alarm
- ETL listed
- Thermal receipt printer
- Back-end management system with remote access possible through VPN connection
