

# TRI-COLOR FOAMING PROTECTANT & CONDITIONER

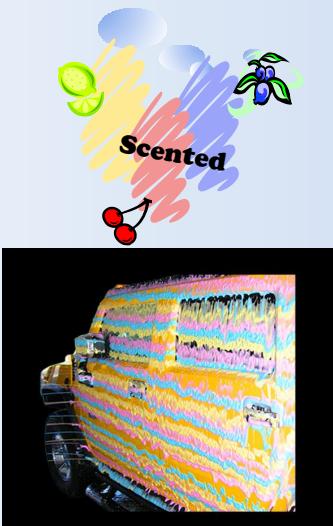

## Triple Foam Protectant Systems

### For Self-Serve

System includes a Multi-Compartment Tank with Hydrominder Valves. A space saving Wall Mount Air Pump Panel and Pulsing Solenoids send colored chemicals to the bays where a separate wand and hose assembly is used by the customer. All Advanced Cleaning Systems feature high pressure "blow down" allowing you to conserve weep water by blowing out your lines from the comfort of your heated equipment room.

5 Bay Tri-Color Foaming Protectant & Conditioner Panel.  
Above picture shown with optional weep.

9250 Tri Shine Gold
