KARPET SPOTTER

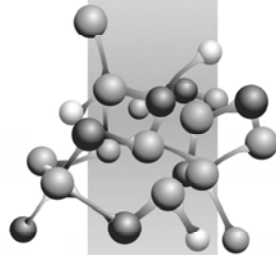

PRODUCT NUMBER 9472

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Karpet Spotter was specially formulated for detail and shampooing machines. This is a summer formula that can be used as a pretreatment before shampooing or as a stand alone cleaner. This product is non-flammable and VOC compliant.

INSTRUCTIONS:

For detail machines and spray applicators, apply undiluted to heavily soiled or high traffic areas. Work into carpet or upholstery gently to loosen grime. For best results, follow by shampooing or steam cleaning. **Not recommended for leather.**

CUSTOMER BENEFITS:

Non-flammable
VOC compliant

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
