DYNA SHEEN FOAMING GOLD

PRODUCT NUMBER 9223

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Dyna Sheen Foaming Gold is formulated specifically for the car wash industry as a foaming beading rinse aid with a pleasing cherry fragrance. Special ingredients leave a smooth, long lasting layer of protection, even on the sides of the vehicle, that promotes the beading of water. Ideal for triple-foam conditioning systems in both self-service and automatics.

INSTRUCTIONS:

Set hydrominder or metering equipment to deliver a final dilution of 128 parts water to 1 part Dyna Sheen Foaming Gold. Apply directly to vehicle. Rinse well.

Suggested dilutions only. Use as a starting point. Adjust accordingly for best results.

CUSTOMER BENEFITS:

- Gold colored foam with a cherry scent.
- Easy to use.
- Biodegradable.
- Less irritating than most industrial cleaners.
- Cost effective.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
