KO MANUFACTURING INC.

KNOCK OUT™

PRODUCT NUMBER 1020

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheat Modified on 10/27/2004

PRODUCT DESCRIPTION:

Knock-Out is a superb heavy duty liquid cleaner formulated mainly for the transportation industry, although it is used successfully in many other industries. It is a mixture of synthetic detergents, solvents, sequestrants and corrosion inhibitors which act together to handle many types of soils, and yet it is safe and economical. Knock-Out is uniquely formulated to be effective whether applied by hand or with high-pressure washers or steam cleaners. It is non-toxic and requires no special handling or equipment.

INSTRUCTIONS:

To boost cleaning ability of any car or truck washing product (except acid products) mix 1 to 2 quarts of Knock-Out every 50 gallons of mixed solution depending on soil load.

General Cleaning: Mix from 1-5 ounces of Knock-Out for every 1 gallon of water depending on soil load.

Transportation Pre Soaks: Mix 10:1 with water spray on surface from bottom up, let stand for 2-3 minutes and remove with high pressure from top to bottom.

CUSTOMER BENEFITS:

- Biodegradable.
- Great on diesel smoke.
- Non-toxic.
- Quickly loosens heavy soil, grease or grime deposits.
- Heavy duty.
- Wide range of applications.
- USDA Approved.
