KO MANUFACTURING INC.

RED RAIDER

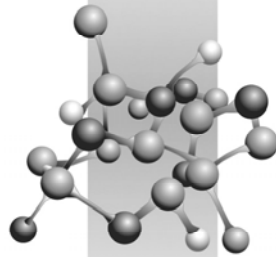

PRODUCT NUMBER 9110

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability.

When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheat Modified on 3/25/2004

PRODUCT DESCRIPTION:

Red Raider is a deep red premium powder formulated with excellent road film removal properties. It contains a pleasant cherry fragrance, good foaming properties and excellent rinsing ability.

INSTRUCTIONS:

For Automatics and Self-Serve Car Washes:

As a high pressure wash mix 2 pounds of 9110 to every 5 gallons of water. Set Hydrominder or metering equipment to deliver this mixture at a dilution of 40:1. Final dilution will be 800:1.

As a low pressure presoak mix 2 pounds of 9110 to every 5 gallons of water. Set Hydrominder or metering equipment to deliver this mixture at a dilution of 20:1. Final dilution will be 400:1.

Suggested dilutions only. Use as a starting point. Dilutions may vary depending on time of year. Adjust accordingly for best results.
