KO MANUFACTURING INC.

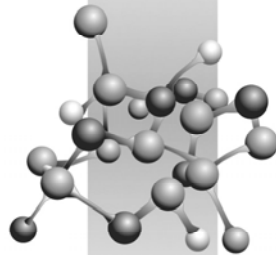

PREMIUM FLEET WASH

PRODUCT NUMBER 431

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

PRODUCT DESCRIPTION:

Premium FleetWash is our premium presoak and wash detergent in a Drum-in-Box kit. The kit is designed to allow the customer to mix their own drums of liquid detergent. The box features two separate containers: a powder portion and a liquid portion which, when water is added, creates the final product. This unique product, when blended, makes an excellent cleaner for tractor trailer rigs and many other cleaning applications.

Premium Fleet Wash is a combination of emulsifiers, solvents, high alkaline builders that penetrate and route out heavy grease, soil and grime. It is formulated for the heavier soil loads of over the road grime, dirt and oils.

INSTRUCTIONS:

Transportation Cleaning: Add 10-15 gallons of water to a 55 gallon drum. Mix in the bag of powder and mix well. Fill to 40 gallons with water. Add the liquid and fill to 55 gallons. Mix well. For best results, do not mix less than 55 gallons. For final application, use 2 to 4 ounces per gallon of water for light soils. For heavy soils, use 5 to 10 ounces per gallon of water.

CUSTOMER BENEFITS:

- Easy shipping and handling.
- Biodegradable.
- Economical.
- High alkalinity for tough to get soils and grime.
- No streak rinsing.
- Non-toxic.
- Will penetrate diesel smoke on trailers.
