

PRODUCT PROFILE

SHEEN™

FORMULA 9210

Beading Rinse Aid

BENCHMARK™
FORMULA

DESCRIPTION

Sheen™ is formulated specifically for the car wash industry as a beading rinse aid with a pleasing cherry fragrance. Special ingredients leave a smooth, long lasting layer of protection, even on the sides of the vehicle, that promotes the beading of water. Its excellent beading of water is ideal for tunnel or automatic car wash systems with forced air dryers while its pleasing cherry fragrance makes it ideal for self-service bays. Easy to Use and 100% Biodegradable.

AT A GLANCE

- > *Provides a smooth, even beading of water.*
- > *Pleasant in-bay cherry fragrance.*
- > *Ideal for tunnels and automatics.*

APPLICATIONS

Automatic Carwashes
Self-Serve Carwashes
Tunnel Carwashes

Truck Washing

DESCRIPTION:
A concentrated, beading rinse aid that gives a long lasting layer of protection. Provides instant beading action with a pleasing cherry scent.

DIRECTIONS:
For automatics: Mix 1 gallon for every 256 gallons of water. For manual: Mix 1/2 gallon for every 512 gallons of water. Apply directly to vehicle.

INGREDIENTS:
Water, Proprietary Surfactant, 2-Butoxyethanol, and Carnauba Wax.

WARNING:
Caution!! Warning!! Avoid contact with eyes, skin, and clothing. May cause extreme eye irritation upon contact. Prolonged and repeated skin contact may cause dryness and irritation. Inhalation may cause headache, dizziness, nausea, vomiting and narcosis. Ingestion may cause headache, dizziness, nausea, vomiting and narcosis. Wear solvent resistant protective gear when handling.

FIRST AID:
Eyes: Flush with water for 15 minutes and get medical attention if irritation persists. Skin: Flush thoroughly with soap and water. Inhalation: Remove patient to fresh air. If breathing has stopped, give artificial respiration. Get medical attention. Ingestion: Call physician immediately. Do not induce vomiting.

ATTENTION: Refer to our MSDS regarding handling and disposal of this product.

IN CASE OF EMERGENCY: Call Chemtrec day or night for assistance and information concerning spilled material, fire, exposure, and other accidents. 1-800-424-9300

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
