### ULTRA™

#### FORMULA 1015

Premium All Purpose Cleaner & Degreaser

#### DESCRIPTION

Ultra™ is our most environmentally friendly all-purpose cleaner and degreaser designed for a number of industries and applications. It is a mixture of synthetic detergents, solvents, sequestrants and corrosion inhibitors which act together to handle many types of soils. Ultra's unique formula makes it safe for nearly all surfaces, including highly polished aluminum. It is formulated to be effective whether applied by hand or with high-pressure washers or steam cleaners. It is biodegradable, VOC exempt, non-toxic, non-butyl, contains no phenols, non-hazardous, and requires no special handling or equipment.

### RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
