KO MANUFACTURING INC.

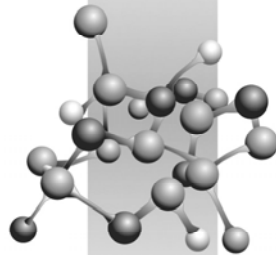

ARCTIC FOAM PINK™

PRODUCT NUMBER 9322

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.

Techsheat Modified on 11/16/2004

PRODUCT DESCRIPTION:

Arctic Foam Pink™ is a non-toxic, non-flammable, biodegradable, concentrated winter foaming agent ideal for self-serve foam brush units or automatic foam arch systems. It has a pleasing cherry fragrance accented with bright pink foam. Arctic Foam Pink does not use highly flammable and poisonous methanol. Instead, a proprietary blend of water-separating colligative agents give protection to 0°F.

Arctic Foam is available in three colors: Gold, Pink and Blue, and each has their own distinct fragrance: Pina Colada, Cherry, and Grape respectively.

INSTRUCTIONS:

Apply direct for protection above 0°F. Adjust air pressure for desired foam consistency.

CUSTOMER BENEFITS:

- Easy to use.
- Biodegradable.
- Low freezing point.
- High Foaming.
- Does not contain toxic and flammable methanol.
- Colored Foam with Fragrance.
