KO MANUFACTURING INC.

PERFORM

PRODUCT NUMBER 9451

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution. We invite you to come and be a part of a winning solution.

PRODUCT DESCRIPTION:

Perform is a water based paint-shop safe silicone high shine dressing that can be used on rubber, vinyl, or leather surfaces. Perform is ideal for paint shops who desire to have the higher shine dressings that silicone offer, without the worry of interference with any painting processes. Leaves a pleasant, non-solvent fragrance in car interiors. Easy to use - just spray on and wipe!

INSTRUCTIONS:

Apply to clean surfaces with a trigger sprayer or wipe on with a clean, soft cloth. For a high shine, allow product to penetrate for five minutes, then remove excess by wiping. For a dull, matte finish, allow product few seconds to penetrate, then remove excess by wiping.

CUSTOMER BENEFITS:

- Beautifies and protects treated surfaces.
- Helps prevent cracking and dulling of surfaces.
- Paint shop safe.
- Non-flammable and non-toxic.
- Safe to use on most all surfaces.
- Biodegradable.
- VOC compliant.

Attention: Refer to our Material Safety Data Sheet regarding hazards, personal protection, and disposal of this product.
