CUSTOMIZABLE WRAPS

Door wraps are included with all new HTK's, and are available in a variety of colors. They may also be customized with your logo and color-keyed to match your existing signage or branding.

Cabinet wraps are available for free-standing units. These can also be customized - display your menu board, highlight key promotions, or even use it to sell advertising space to local businesses!

Call your Hamilton sales representative for more information, or visit us at hamiltonmfg.com

DATA ACCESS NETWORK (D.A.N.)

The Data Access Network is the pulse of your operation, providing audit information, equipment status, and much more to ensure your business runs as smoothly as possible.

FEATURES:

- Windows Embedded Standard 7 operating system
- Supports high-speed credit card transactions
- Remote access: view and print audit reports, clear soft errors, change prices, change messages on door and/or scrolling display
- Validated payment application (PCI PA-DSS)
- Event pricing:
 - allows HTK to automatically change prices, coupon values, welcome prompts, and external display messaging based on the time of day and day of the week
 - implement a reoccurring event for a single day, or an event for a single date
- Email and text notifications: be notified of an error on any equipment connected to the D.A.N.
- Customer Value Cards (CVC)
 - build a loyal customer base
 - customize with your logo and brand
 - same size as a credit card
 - use as either pre-paid or post-pay card
 - allows you to reduce credit card fees

WHAT DO I NEED?

- High-speed internet connection with static IP
- Uninterruptable power supply (UPS)
