

PRODUCT PROFILE

EZ PREP™

FORMULA 9497

Bug and Spot Pretreatment Formula

BENCHMARK
FORMULA

DESCRIPTION

EZ Prep™ is designed specifically for removing bug residue from passenger cars and trucks in car wash systems or by hand washing. The unique blend of complex phosphates, alkaline builders and nonionic surfactants provide the optimum level of alkalinity and wetting properties to promote maximum penetration and run-off of residue. EZ Prep™ is compatible with either acid or alkaline cleaners and is ideal for panel blasters on automatic car wash systems. 100% Biodegradable.

AT A GLANCE

- > **Excellent at loosening and removing bug residues.**
- > **Compatible with both alkaline or acid presoaks.**
- > **Improves cleaning of automatic car washes.**
- > **A non-petroleum formula.**

APPLICATIONS

Pretreating Cars before Automatic Washes

Pretreating Trucks

Pretreating Cars before Tunnel Washes

Low Pressure Prep guns or brushes

SPECIFICATIONS

Physical Form: Liquid

pH (1% dilution): 10.0 - 11.0

Recommended Dilution: 10:1 up to 32:1

DOT Class: None

Color: Green

Fragrance: None

Sample Label

DIRECTIONS:
Dilute 1 part chemical with 10 parts water, depending on amount of soil. May be diluted up to 1 part chemical to 32 parts water. Spray onto area to be cleaned and allow to dwell for at least one minute, then wipe or pressure wash clean. For heavy soils, use more concentrated.

DESCRIPTION:
A vehicle treatment cleaner formulated designed for removing insect remnants, tar, and grime. Provides excellent field masking. This special, easy-rinsing formula gives a rich foam and a crisp shine on glass and chrome. Safe for all surfaces.

INGREDIENTS:
CONTAINS: Water, Proprietary Surfactant Blend, Zwitterionic Detergent.

WARNING:
Caution!! Irritant!! May cause severe eye irritation or blindness if eye contact. Prolonged or repeated skin contact may cause redness and irritation. Inhalation of mist may irritate nasal, throat and respiratory membranes. Ingestion can irritate mouth, throat and stomach.

FIRST AID:
Eyes: Flush with water for 15 minutes and get medical attention if irritation persists. Skin: Flush thoroughly with water. Inhalation: Remove patient to fresh air. Ingestion: Dilute by drinking 2 large glasses of water. Consult a physician immediately.

ATTENTION: Refer to our MSDS regarding handling and disposal of this product.

IN CASE OF EMERGENCY: Call Chemtrec day or night for assistance and information concerning spilled material, fire, exposure, and other accidents. 1-800-424-9300

RESEARCH

Through R&D and field testing, KO Chemists combine creativity with technology to bring you products with the performance you require. Using our sophisticated KO lab we continually test new products, existing products, and our manufacturing processes for effectiveness and affordability. When a new product meets our requirements, it goes to a select group of end-users for real-world evaluation. Only after testing, evaluating, and re-testing is a KO product ready for distribution.
