

BLUE MONSTER

Alkaline Presoak

DESCRIPTION

A powerful alkaline presoak that delivers a great citrus clean. It is specially formulated to remove the tough road films while not damaging or blushing trim on the vehicle. It is functionally versatile and can be used in a variety of applications including bug remover and tire cleaner. Save on shipping and space when purchasing this as part of the EZ Presoak System.

USAGE INSTRUCTIONS

This product can be applied under low or high pressure. When applying it as a presoak application it is best applied under low pressure. In a touch free setting apply at 25-48:1 (10-20 drops). Allow to dwell before rinsing. In friction or self-serve applications apply at 64-90:1 (5-8 drops). Product can also be applied as a tire cleaner. Apply on low pressure through a CTA at 16-25:1 (20-30 drops). For application as a high pressure prep detergent consult your sales representative.
