

EZ RED LOW PH

Acidic Foaming Conditioner

DESCRIPTION

This ultra-concentrated low pH triple foam conditioner has both bark and bite. The low pH helps aid in neutralizing any alkaline presoak carryover to promote better drying agent performance. In friction applications the low pH reduces bacterial growth in cloth and aids in keeping the cloth cleaner.

USAGE INSTRUCTIONS

This triple foam should be applied using a foam generation applicator (foam stick, shower head, pod, foam curtain, etc.). Begin by applying it at 500:1. This product is viscous and thus may require larger metering tips/settings to pull at the proper rate. Product is ideally diluted with soft water. Use in friction, touch free and self-serve applications.

FEATURES

- Foam collapses rapidly during rinse cycle
- Bright foam color and intense fragrance
- Cleans and shine paint
- Boosts performance of drying agents

SIZES AVAILABLE

5-gallon pails Code: 10-70114-005
15-gallon drums Code: 10-70114-015
30-gallon drums Code: 10-70114-030
55-gallon drums Code: 10-70114-055
