

PURPLE PRESOAK

Alkaline Presoak

DESCRIPTION

Grape scented! Purple foam! Truly a lot of grapeness packed into an alkaline foaming detergent. Dazzle customers with this great cleaning presoak and keep them coming back for the awesome color and scent.

USAGE INSTRUCTIONS

This product is ideally suited to be used in self-serve applications, but can also be used in friction applications (tunnels and in-bay automatics). Begin application at 64-90:1 and adjust if needed. Product can also be used in tunnels on a "lava" style foam curtain at the entrance of the tunnel. Its alkalinity will provide extra cleaning over standard neutral conditioners. Dilution will depend upon style of foam curtain. Begin at 150:1.

FEATURES

- Aluminum safe
- Bright foam color and intense fragrance
- Highly effective on bugs, pollen and tree sap
- Flexible application
