Alkaline Presoak

## DESCRIPTION

A highly concentrated alkaline cleaner with a lemon fragrance. This premium presoak is designed with the latest technology in road film removal. It produces cleaner and shinier glass, paint, wheels and white walls. This cutting edge formula is also hard water compatible so you know you can count on it.

## USAGE INSTRUCTIONS

For touch free applications start by using at 48-64:1 (10-14 drops). For tougher cleaning conditions slowly increase strength. For friction applications start by using at 90-125:1 (6-8 drops). Adjust strength as necessary. Product is best applied under low pressure application. Allow product to dwell for a short time before removing.

## FEATURES

- Excellent hard water stability
- High foaming
- Effective on a wide variety of soils and conditions
- Biodegradable

## SIZES AVAILABLE

5-gallon pails Code: 11-12850-005  
15-gallon drums Code: 11-12850-015  
30-gallon drums Code: 11-12850-030  
55-gallon drums Code: 11-12850-055
