

# WRAP LUBE

Foaming Conditioner

---

## DESCRIPTION

Tired of squeaky cloth? Then this is your answer. Using state of the art polymer technology this product provides excellent foam and eve better lubricity for friction applications. This lubricating detergent is designed to eliminate the squeaking and grabbing of all cleaning materials.

## USAGE INSTRUCTIONS

This product is designed to be used in friction applications to improve brush lubricity. Apply it directly to wraps/brushes through nozzles. It can also be applied using a foam generation applicator (foam stick, shower head, pod, foam curtain, etc.). For all applications begin by applying it at 200-250:1. This product is viscous and thus may require larger metering tips/settings to pull at the proper rate. For best results dilute product with soft water when applying.

## FEATURES

- Produces rich white foam
- Effectively lubricates brushes/wraps
- Hard water tolerant
- Phosphate Free
