

BLITZ

ACIDIC PRESOAK*

DESCRIPTION

Blitz lives up to its name by combining acidity, detergency, and a ton of solvents to create a full out attack on unwanted soils. A super versatile low pH presoak that can also be used for wheel cleaning and white foam in friction applications. This product is loaded! It has huge solvency and a fantastic foam profile.

USAGE INSTRUCTIONS

For touch free applications start by using it at 125-175:1. For tougher cleaning conditions slowly increase strength. For friction applications start by using at 200-400:1. Adjust strength as necessary. For wheel cleaning and foam applications contact your sales representative.

FEATURES

- Excellent versatility
- High foaming
- Effective on a wide variety of soils and conditions
- Great wheel cleaner
