

LIQUID CHAMOIS

Drying Agent

DESCRIPTION

An orange scented liquid drying agent designed to "break" the surface water on a vehicle. This product is an economical version of another drying agent offered, but still every bit as effective. It is specially designed for use in automatic and tunnel applications.

USAGE INSTRUCTIONS

This product is ideally applied under low pressure application in tunnel and in-bay automatic settings. Begin application at 250-400:1 (4-6 drops). For high pressure application apply at 500-800:1 (2-3 drops). In applications where greater amounts of rinse water are applied to the vehicle stronger dilutions of product may be required.

FEATURES

- Rapidly beads water
- Non-filming on windshields
- Biodegradable
- Minimizes spotting and streaking

SIZES AVAILABLE

5-gallon pails Code: 11-12100-005
15-gallon drums Code: 11-12100-015
30-gallon drums Code: 11-12100-030
55-gallon drums Code: 11-12100-055

SPECIFICATIONS

COLOR: GREEN
